

**Wood-Pawcatuck Watershed Association**

**Board of Trustees**

**January 18, 2018 6:00–7:30 pm**

**AGENDA**

WORKSHOP

**Call to order @ 6:00 pm**

**1. Executive Director Updates**

**2. Development of a 3-Year Water Quality Monitoring Plan**

- The intent of this workshop is to:
  - Define the 2018 water quality monitoring program
    - (i) Define why—this information can be used in building business community support for water quality monitoring
  - Define 2019-2020 water quality monitoring program
    - (i) Define the progression over time
    - (ii) Define why—this will be used to build longer term support for water quality monitoring AND will be used to approach lake and pond associations (and other organizations) to solicit support for water quality monitoring.
    - (iii) Develop a list of associations/organizations to approach with the new 3-year plan and a timeline for contact.

**Adjourn @ 7:30 pm**
