

## **List of Potential Outstandingly Remarkable Values May 2016**

This list is based on what other Wild and Scenic Rivers have identified. It is not exclusive. We can add values that we believe, and can document, are unique to the Wood-Pawcatuck Watershed. We can also congregate values together. For instance, Wildlife could include Fisheries, Habitat, Ornithology, and Natural Communities.

- Archeology
- Cultural
- Botanical
- Fisheries or Fish Related
- Geology
- Habitat
- Historic
- Hydrology
- Natural Communities
- Ornithology
- Paleontological
- Recreational
- Scenic
- Scientific
